REMARKS

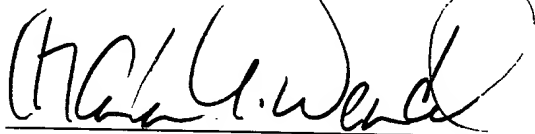

The requirement for restriction between a claim group constituted by claims 37-40 and a claim group constituted by claims 41-46 is acknowledged. Applicants elect the second claim group, namely, claims 41-46, for examination without traverse.

Applicants have added a new claim 47 depending from claim 42 specifying that the organic polymer is a polyimide. Support for this claim is clearly found in the specification at page 17, lines 4-10.

An early examination of claims 41-47 is earnestly solicited.

Respectfully submitted,
